

5" RUGGED ANDROID SMARTPHONE

CONKER ST5

You want a smartphone. You want it rugged. You want a full 5.0 inch display. Here is your CONKER ST5.

Just like your smartphone, you get a quad-core CPU, coupled with dual cameras including a 13 megapixel autofocus camera on the rear with an LED flash.

With fast 4G LTE as standard plus WiFi, Bluetooth & GPS, you're all set.

Except this time you've also got a magnetic charging connector for hassle free charging without compromising the completely dustproof, waterproof (in a metre of water for half an hour), AND drop tested on to concrete from 5 feet ruggedness.

 **CONKER**
