

5" RUGGED ANDROID BARCODE SCANNER

CONKER SX5

You want an amazingly lightweight and compact 3G/4G Android barcode scanner with integrated 1D or 1D/2D barcode scanner. Combined with a rear handstrap and multi-bay cradles your CONKER SX5 is a perfect warehouse or road tool for any mobile workforce working frequently with barcode capture.

As always, it's completely dustproof, can take a soaking and is drop tested on to concrete until we're happy to recommend it to you. Get your CONKER SX5.
