

7" RUGGED ANDROID TABLET

CONKER SX7

You want blisteringly quick processing with ultra-fast 4G LTE.

You want data capture on the go. You're looking for a rear expansion module, designed to support custom combinations of barcode reader and RFID supporting a 2D barcode scanning - with options for RFID including dual RFID frequency support.

Get your CONKER SX7 - Dustproof and waterproof in a meter of water for half an hour and drop tested on to concrete from 5 feet. That kind of rugged. CONKER rugged.

 **CONKER.**

IT'S THIS RUGGED.
