## Digital Transformation

The introduction of the robust Conker ST60 has boosted both efficiency and security for many of our customers. Immeasurable amounts of information, which previously existed in the form of piles of papers and files, is now available in digital format making work easier for many of our customers' Mobile workforces.

## Fully Rugged Device

The fully rugged Conker Tablet Range sets the new benchmark for outdoor tablets making it ideal for field workforces in outdoor scenarios. With its capacitive, 10-finger multi-touch display and flexible configurable ports this Android 10 device can be used to view documentation and images in the field whilst benefiting from being a fully rugged device that is a hardwearing and will survive the day to day handling of its users.

## The Connected Rugged Smartphone

The Conker ST60 seamlessly supports digital transformation, offering digital connectivity through BT, WiFi, and 4G LTE. All these functionalities ensure the NS10 stays connected no matter whether outdoors or indoors.

## Easy to Use, Hard to Break

When it comes to choosing a smartphone for business, user acceptance is increased as workers want ease of use, while you need enterprise-class durability, data capture and a quality product that won't break the bank.

## Lasting Power

Working in remote locations, or being far away from electrical outlets does not need to be a problem anymore, thanks to the rugged Conker ST60 phone which is designed to keep you connected, no matter where you are. The Conker ST60 has a running time (playing video at 50% brightness): 28 hours, Running time (playing video at 100% brightness): 13 hours 15 mins The powerful 4,100mAh, battery gives you more than enough battery to last over a day of use\*. \*subject to usage
